

Moon Highway Project

PRIVACY POLICY

Last Updated: May 15, 2026

1. INTRODUCTION

Moon Highway is committed to protecting your privacy. This policy explains how information is collected and safeguarded when you interact with our browser-based 3D game.

2. CHILDREN'S PRIVACY (AGE RESTRICTION)

No Data Collection from Minors: Moon Highway does not knowingly collect or solicit personal information, including blockchain wallet addresses, from anyone under the age of 18.

Remediation: If we learn that we have collected personal data from a minor, we will delete that information as quickly as possible and terminate the associated session.

Parental Responsibility: We encourage parents to monitor their children's internet usage to ensure they do not access Web3 or cryptocurrency-related platforms.

3. INFORMATION COLLECTION

We collect minimal data: Public wallet addresses (Polygon network), XP progress, level status, and technical device information for 3D optimization.

4. THIRD-PARTY SERVICES

We integrate third-party Advertising SDKs (e.g., CrazyGames, Poki). These providers may use cookies. We are not responsible for the data practices of these third-party providers.

5. DATA SECURITY & BLOCKCHAIN

Transactions on the Polygon blockchain are public and permanent. We cannot delete data from the blockchain. Use is at your own risk.
